THE TONE

Warm, human and honest — like explaining something to a friend, not reading ad copy. No hype, no hard sell. The sentences are short because they are spoken, not read. Let them breathe.

READING NOTES

Each line is timed to what happens on screen. The duration on the left is how long that line has in the picture — treat it as a target, not a cage. The gaps between lines are real silence in the cut; you do not need to fill them.

HOW TO SAY IT

Revel	REV -uhl — as in “revelry”. Never “re-VEL”.
lets revel dot io	Written out on purpose. Say it as the address: “let’s revel dot I-O”.
R S V P	Spelled out, letter by letter: “are-ess-vee-pee”.
Q R code	Spelled out: “cue-are code”.
V A T	Spelled out: “vee-ay-tee”.
Stripe	The payment company. English, as written.
Mira, Ren, Noa, Jordan, Bea, Lena, Felix, Paul	Characters in the demos. Say them naturally.

1 Episode fourteen. Who can see it, and who can come.
00:00–00:10
10.2 s Two different questions, and Revel asks them separately.
Seen by the organizer, an outsider, and a member.

— 1.3 s of silence —

2 Every event has two dials. Visibility is who can find the
00:11–00:30
18.7 s page: everyone, people with the link, or only members.
Event type is who is allowed in: anyone, invited people,
or members. They are set independently. This members'
night is public to see, and members-only to attend.

— 2.9 s of silence —

3 Bea isn't a member. On the choir's page she sees the
00:33–00:43
10.4 s open rehearsal and the members' night, because both
are public. The committee meeting isn't on her list at all.

4 She can open the members' night, but she can't R S V P
00:44–00:52
7.7 s The page says why, and offers the way in: join the choir.

— 2.9 s of silence —

5 Lena is a member. She sees all three, committee meeting
00:55–00:59
4.5 s included.

— 0.9 s of silence —

6 And for her, the members' night just works. She says yes,
01:00–01:08
7.6 s and she's in. No gate, no request, nothing to explain.

7 Visible isn't the same as open, and you get to choose
01:08–01:17
8.6 s both. Revel is free and open source. Find it at lets revel
dot io.

End of script — 7 lines, 77.6 s of picture.
